

Bar Code Scanner

(A13-1014-294)

Instruments: ColorFlex, MiniScan

Purpose: The optional bar code scanner connects to the ColorFlex USB Port or the MiniScan EZ's USB port via Standard-A to Mini-A adapter (HL#A21-1013-859) to allow scanning of a bar code for the ID tag of a reading after the reading is made.

The bar code reader is automatically detected by the once connected.
